**Central European
Joint Infoday
15—16 October
Brno, Czech Republic**

Introduction

This publication is a collection of contact details and brief descriptions of project ideas presented by participants of the Central European Joint Infoday on Centralised Actions of the Erasmus+ Programme that takes place on 15–16 October 2019 in Brno, Czech Republic.

What is the Central European Joint Infoday?

The Central European Joint Infoday is organised by Erasmus+ National Agencies from four neighbouring countries: Austria, the Czech Republic, Hungary and Slovakia. This year's 10th anniversary of common central European event is set in the context of the Erasmus+ Call for Proposals 2020.

What are the aims of the event?

The main focus of the infoday is centralised actions of the Erasmus+ programme where the cooperation between higher education institutions from Programme countries and Partner countries is strongly supported, i.e. Erasmus Mundus Joint Master Degrees, Capacity Building in Higher Education and Jean Monnet. Knowledge Alliances and European Universities are also included as centralised actions in the higher education sector.

Theoretical background of each centralised action is presented on the first day. Practical aspects of project preparation and implementation are covered in parallel workshops building on presentations of good practice examples on the second day.

Who are the participants?

The event has been promoted to higher education institutions in the four organising countries of Austria, the Czech Republic, Hungary and Slovakia. The international setting of the infoday enhances its networking potential. That's why participants do not only learn how to submit a successful proposal, but they also have the opportunity to meet experienced project coordinators and find new project partners.

Conference participants have the opportunity to meet representative from European Commission, DG for Education and Culture and National Erasmus+ Offices from Partner Countries. Representatives from Lebanon, Moldova and Montenegro explain priorities of their respective countries/regions relevant for future project proposals. Through in-depth practical presentations and discussions, the organisers expect to provide encouragement and practical support to potential applicants under the next Erasmus+ call for proposals.

Please, feel free to use this compendium as a supporting tool for making the most of the networking opportunities during and after the seminar.

PARTICIPANT and INSTITUTIONAL PROFILE	
Surname	Blažek
Position	Phd Student
Institution	Masaryk University
Department	Department of Environmental Studies, Faculty of Social Studies
Email	jan.blazek86@gmail.com
Web address	humenv.fss.muni.cz/aktivity/zahranicni-mgr-program
Experience in international cooperation (mobilities, projects, available study programmes in English)	<p>I am coordinating programme preparations of a proposed Erasmus Mundus Joint Master Degree in Sustainability-driven Business</p> <p>I have joined Erasmus study exchange and Erasmus working exchange in the past, as well as I cooperated on H2020 research project and I was a visiting researcher in universities in Austria, Germany and the United Kingdom.</p>

INFORMATION ABOUT PLANNED ERASMUS+ PROJECT(S)	
Type of project idea	Erasmus Mundus Joint Master Degrees
Type of institutions you search	Applied sector partners, third country partners
Discipline(s) / Academic field(s)	Environmental Studies, Economy, Sociology, Social Geography
Short description of project idea(s)	<p>The Department of Environmental Studies is preparing a new Master Programme in Sustainability-driven Entrepreneurship. Students will think critically and learn to analyse the social, environmental, and economic impact of business activities. They will develop their entrepreneurial competencies and design their own business projects. In cooperation with investors, companies, town offices, NGOs and scientific institutions, they will be able to start their own businesses.</p> <p>The Programme is being prepared in cooperation with universities in Vienna, Barcelona and Copenhagen. Students will spend one semester at each of the four participating institutions. At Masaryk University, students will develop their systems thinking focused on sustainability and ecological economics. At Vienna University of Economics and Business, they will study business planning and management. This will include receiving practical support in improving their entrepreneurial skills. At University of Barcelona, the courses will concentrate on the methods of evaluating the sustainability in businesses and also on the administrative, legal, and political contexts of operating eco-social entrepreneurship. The last semester at Copenhagen Business School will lead students to take part in business acceleration programme, which will help them to transform the business idea into realization. Furthermore, students will look into R&D, innovation management, sustainable urbanism or social entrepreneurship.</p>

Experience in international cooperation (mobilities, projects, available study programmes in English)	I have participated as coordinator from my university in the award-winning project ICCAGE (project manager: CTU MIAS, 2015-2017) - https://iccageproject.wixsite.com/presentation and currently I am participating in the project INCOLLAB (project manager: CTU MIAS, 2019-2021). I am also coordinating another KA2 project in Hungary and I am involved in KA103 and KA107.		

INFORMATION ABOUT PLANNED ERASMUS+ PROJECT(S)	
Type of project idea	Capacity Building in Higher Education
Type of institutions you search	HE partner for Capacity building in HE
Discipline(s) / Academic field(s)	Foreign language and skills development
Short description of project idea(s)	After participating in various KA2 projects, and participating personally in a mobility for teachers and researchers in Malaysia (with a grant offered by my institution), I have had preliminary brainstorming in situ with potential partners from Malaysia about the possibility of a Capacity Building Project. I would like to organize it in joint efforts with different departments of my Faculty, and staff involved in internationalization at my university, namely my colleague working as head of international relations. I participated last year on a webinar on this project category, but I would like to learn more about it.

PARTICIPANT and INSTITUTIONAL PROFILE			
Surname	Schmidt	First Name	Andrea
Position	Associate professor		
Institution	University of Pécs		
Department	Department of Political Science and International Studies		
Email	schmidt.andrea@pte.hu		
Web address	politologia.btk.pte.hu/en		
Experience in international cooperation (mobilities, projects, available study programmes in English)	I think international cooperation is a key element of developing our visibility and strengthening our skills in new programs, new curricula. From the students' perspective it is also an added values at the labour market if they get impression and experience in international exchange programs from the shortest summer universities to the joint MA or doctoral programs.		

INFORMATION ABOUT PLANNED ERASMUS+ PROJECT(S)	
Type of project idea	Erasmus Mundus Joint Master Degrees, Capacity Building in Higher Education
Type of institutions you search	Universities
Discipline(s) / Academic field(s)	Social Sciences
Short description of project idea(s)	We would like to develop our international program to a joint MA program. We would like to focus on intercultural relation as our university is located in a city that is called the "crossroad of cultures". Therefore, we would like to expand our program that previously focused on V4 region, and add West Balkan as a potential target region. We are focusing on two specific areas: MA program or joint doctoral program. This planned program can rely on the already existing cooperation by giving a new layer.

The role of the National Erasmus+ Office (NEO) is to implement, coordinate and promote the international dimension components of the Erasmus+ programme.

The NEO provides assistance to national authorities, higher education institutions and other relevant stakeholders with implementation of the Erasmus+ activities in higher education. Its mission is to improve the visibility, relevance, effectiveness, and impact of Erasmus+ programme and contribute to its promotion and dissemination in the partner countries.

The NEO is acting on behalf of the EACEA (Education, Audiovisual and Culture Executive Agency) the EU Commission body in charge of managing the programme.
